

Green and Brown cards template

Short story giving a situation describing a problem or sickness that is being experienced in the village in the gardens or with the animals. These will be village or language group specific.

Brown cards include a traditional or common practice in trying to solve the problem or sickness that doesn't work—village or language group specific.

Green cards include a solution that will work and remove the problem or sickness which will mean well producing gardens and healthy animals. These solutions are what is being advocated by agricultural and gardening specialists or that are known to work well.

Make 10 brown cards and 16 green cards (or as many as are needed to cover the main problems encountered in the village).

Go back (1, 2, 3, 5) spaces (brown cards)

Go forward (1, 2, 3, 5) spaces (green cards)
